

Media Release

Zug, 1 October 2021

Ad hoc announcement pursuant to Art. 53 Listing Rules

HBM Healthcare Investments achieves value growth of 12.6 percent in the first half of the 2021/2022 financial year

HBM Healthcare Investments' net assets continued to grow in the first half of the 2021/2022 financial year, thanks to the excellent performance of the listed investment in Cathay Biotech in China and contributions from the private companies portfolio. The net asset value per share (NAV) increased by 12.6 percent to CHF 335.64 as at 30 September 2021, while the share price rose by 6 percent.

Based on these key figures, HBM Healthcare Investments expects a net profit of around CHF 270 million for the first half of the financial year. In the same period of the previous year, a net profit of CHF 441 million was reported.

These figures represent the preliminary result based on the current status of the closing process. The definitive result will be published with the half-year report on 22 October 2021.

About HBM Healthcare Investments

HBM Healthcare Investments invests in the healthcare sector. The Company holds and manages an international portfolio of promising companies in the human medicine, biotechnology, medical technology and diagnostics sectors and related areas. Many of these companies have their lead products already available on the market or at an advanced stage of development. The portfolio companies are closely tracked and actively guided in their strategic direction. This is what makes HBM Healthcare Investments an interesting alternative to investments in big pharma and biotechnology companies. HBM Healthcare Investments has an international shareholder base and is listed on SIX Swiss Exchange (ticker: HBMN).
